## La importancia de cuidar donde nos relajamos

La ducha es uno de los momentos más íntimos de nuestro día a día. Un momento para el auto cuidado donde cada gesto importa, suma. Tu piel en contacto con el agua, tu cabello mojado, tus pies desnudos deslizándose sobre la superficie de tu plato. Siente cada gesto; cuídalos. Los platos de ducha y lavabos Poalgi están fabricados con Wraitom® nuestro material de formulación propia de alta calidad que nos permite ofrecer productos antibacterianos, no porosos y resistentes al paso del tiempo.

La variedad de texturas y diseños que ofrecen las colecciones de platos de ducha SHILE, CLAY, GNEIS y HOS'S te permitirán elegir el mejor descanso para tus pies.

Desde la textura natural de la pizarra a la suavidad de la seda, la ducha se convertirá en un rito de sensaciones.
