PRICE GUIDE 2026

WELCOME TO KITCHEN EXPRESS

QUALITY | DESIGN | FUNCTIONALITY

Welcome to our **Kitchen Express Kitchen Unit Catalogue**. We hope you find everything you need to help plan and complete your next kitchen project.

Please note that **all prices shown in this brochure exclude VAT at 21%**. As many of the manufacturers' product brochures and price lists we work with also show prices excluding VAT, we have chosen to maintain the same approach throughout this catalogue to simplify. We also reserve the rights to change prices in our Database at any time.

Kitchen Express is part of Church Kitchens and has been successfully supplying kitchens to **trade professionals and DIY customers since 2004**.

For our **Registered Professional Clients**, we offer special trade pricing. We also believe that **our showroom is your showroom**. We are happy to meet with your clients, discuss products and options with them, and help you through the selection process whenever required.

Stock & Availability

When Kitchen Express was originally launched, our warehouse stocked complete ranges of cabinets, doors, accessories and appliances. Today, the enormous choice of products available, combined with much faster manufacturing and delivery times, allows us to offer our customers a far greater selection.

We continue to stock **standard cabinets and the essential components required for installation, including drawer boxes and fittings**. Our door range is now so extensive that doors are manufactured to order, with selected ranges available **from just 7 days following order confirmation**.

How We Can Help

We offer a complete support service, including:

- 1. Advisory Service**
- 2. Computer-Aided Kitchen Drawings**
- 3. We Build, You Install Service (available at an additional charge)**
- 4. Technical Advice & Support**
- 5. Delivery Service (available at an additional charge)**

Our business has always been built around a simple principle: **we are here to help**.

Modern kitchens have become increasingly sophisticated, with more choices, components and technical considerations than ever before. That's why we believe good advice and ongoing support are so important. Our experienced team is here to guide you through the process, from initial planning and product selection through to installation.

This catalogue includes our **kitchen cabinets, essential fittings and a selection of popular accessories and appliances** suitable for a wide variety of kitchen projects. However, this is only part of what we can supply.

For our much wider range of **accessories, appliances and kitchen products**, please visit the **Brochure Section of our website**, or speak to one of our team. We'll be happy to help you explore the many additional options available.
